

The National Navy SEAL Museum

We are More Than a Museum. We are Building a Lasting Legacy.

The National Navy SEAL Museum is the only museum dedicated solely to preserving the history of the United States Navy SEALs and their predecessors. Located in Fort Pierce, Florida, the Museum resides on the original training grounds of the first Frogmen: the Naval Combat Demolition Units (NCDU) and Underwater Demolition Teams (UDT).

Built to honor the men who served with fortitude and dedication, the Navy SEAL Museum first opened its doors on Veterans Day in 1985. From humble beginnings, the facility has experienced tremendous growth, achieving national designation in 2007.

The main objective of the Museum remains the promotion of public education by providing the opportunity to explore the history of the Navy SEALs through interactive exhibits, while honoring the fallen at the SEAL Memorial and caring for those warriors' families through the Trident House Charities Program.
